

CHAIRMANS REPORT

11th May 2021

Hello Members

GREENS UPDATE

With the insurance company prolonging the investigation process, now requiring a hydrologist report, the Board and Management have decided to get the “bowl” rolling by expending a significant amount of money to enable Berry’s Bowling Systems to recommence restoration of Green 2 as soon as logistically possible. The restoration of Green 1 will follow when this is possible.

Your club has committed a strong financial investment to get bowlers back on our greens. It would be of benefit to all if you would choose to frequent your Club.

We are open for meals Wednesday to Saturday for lunch and dinner. Our beer is great and a few \$\$ in the pokies can be fun!
Please support your club.

Regards,
Tony Stokes
Chairman of the Board
Nambucca Heads Bowling & Recreation Club Ltd
